SECTION 4. IC 4-4-11-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 2. (a) The legislature makes the following findings of fact:

(1) That there currently exists in certain areas of the state critical

1	conditions of unemployment, inadequate drinking water,
2	inadequate wastewater and storm water management, or
3	environmental pollution, including water pollution, air pollution,
4	sewage and solid waste, radioactive waste, thermal pollution,
5	radiation contamination, and noise pollution, and that these
6	conditions may well exist, from time to time, in other areas of the
7	state.
8	(2) That in some areas of the state such conditions are chronic and
9	of long standing and that without remedial measures they may
10	become so in other areas of the state.
11	(3) That economic insecurity due to unemployment, inadequate
12	drinking water, inadequate wastewater and storm water
13	management, or environmental pollution is a menace to the
14	health, safety, morals, and general welfare of not only the people
15	of the affected areas but of the people of the entire state.
16	(4) That involuntary unemployment and its resulting burden of
17	indigency falls with crushing force upon the unemployed worker
18	and ultimately upon the state in the form of public assistance and
19	unemployment compensation.
20	(5) That security against unemployment and the resulting spread
21	of indigency and economic stagnation in the areas affected can
22	best be provided by:
23	(A) the promotion, attraction, stimulation, rehabilitation, and
24	revitalization of industrial development projects, rural
25	development projects, mining operations, and agricultural
26	operations that involve the processing of agricultural products;
27	(B) the promotion and stimulation of international exports; and
28	(C) the education, both formal and informal, of people of all
29	ages throughout the state by the promotion, attraction,
30	construction, renovation, rehabilitation, and revitalization of
31	and assistance to educational facility projects.
32	(6) That the present and prospective health, safety, morals, right
33	to gainful employment, and general welfare of the people of the
34	state require as a public purpose the provision of safe drinking
35	water, the provision of wastewater and storm water
36	management, the abatement or control of pollution, the
37	promotion of increased educational enrichment (including
38	cultural, intellectual, scientific, or artistic opportunities) for
39	people of all ages through new, expanded, or revitalized
40	educational facility projects or through assisting educational
41	facility projects, and the promotion of employment creation or

retention through development of new and expanded industrial

1	development projects, rural development projects, mining
2	operations, and agricultural operations that involve the processing
3	of agricultural products.
4	(7) That there is a need to stimulate a larger flow of private
5	investment funds from commercial banks, investment bankers,
6	insurance companies, other financial institutions, and individuals
7	into such industrial development projects, rural development
8	projects, mining operations, international exports, and agricultural
9	operations that involve the processing of agricultural products in
10	the state.
11	(8) That the authority can encourage the making of loans or leases
12	for creation or expansion of industrial development projects, rural
13	development projects, mining operations, international exports,
14	and agricultural operations that involve the processing of
15	agricultural products, thus putting a larger portion of the private
16	capital available in Indiana for investment to use in the general
17	economic development of the state.
18	(9) That the issuance of bonds of the authority to create a
19	financing pool for industrial development projects and carrying
20	out the purposes of IC 13-18-13 and IC 13-18-21 promoting a
21	substantial likelihood of opportunities for:
22	(A) gainful employment;
23	(B) business opportunities;
24	(C) educational enrichment (including cultural, intellectual,
25	scientific, or artistic opportunities);
26	(D) the abatement, reduction, or prevention of pollution;
27	(E) the provision of safe drinking water;
28	(F) the provision of wastewater and storm water
29	management;
30	(E) (G) the removal or treatment of any substances in
31	materials being processed that otherwise would cause
32	pollution when used; or
33	(F) (H) increased options for and availability of child care;
34	will improve the health, safety, morals, and general welfare of the
35	people of the state and constitutes a public purpose for which the
36	authority shall exist and operate.
37	(10) That the issuance of bonds of the authority to create a
38	funding source for the making of guaranteed participating loans
39	will promote and encourage an expanding international exports
40	market and international exports sales and will promote the
41	general welfare of all of the people of Indiana by assisting Indiana

7	opportunities by the promotion and development of industrial

11	state;
12	(2) promoting the educational enrichment (including cultural,
13	intellectual, scientific, or artistic opportunities) of all the people
14	of the state by the promotion, development, and assistance of
15	educational facility projects;
16	(3) promoting affordable farm credit and agricultural loan
17	financing at interest rates that are consistent with the needs of
18	borrowers for farming and agricultural enterprises;
19	(4) preventing and remediating environmental pollution,
20	including water pollution, air pollution, sewage and solid waste
21	disposal, radioactive waste, thermal pollution, radiation
22	contamination, and noise pollution affecting the health and
23	well-being of the people of the state by:
24	(A) the promotion and development of industrial development

28	SECTION 78. IC 5-13-12-8 IS AMENDED TO READ AS
29	FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 8. (a) The board for
30	depositories, in making the industrial development obligation or credit
31	enhancement obligation guarantees authorized under section 7(d)(6) of
32	this chapter, shall comply with the following limitations:
33	(1) A guarantee shall be made only of industrial development
34	obligations or credit enhancement obligations for the purpose of
35	retaining, retaining and expanding, or bringing significant
36	employment into Indiana, as determined by the board under
37	subdivision (3)(A).
38	(2) Each industrial development obligation or credit enhancement
39	obligation must be guaranteed not only by the board but also by
40	the Indiana development finance authority created by IC 4-4-11.
41	Each guarantee must provide that in the event of a valid claim of

loss by the lender, the lessor, or the issuer of the credit

1	enhancement arising under the industrial development obligation
2	or credit enhancement documents, the amount of the loss, up to
3	two million dollars (\$2,000,000), shall first be paid by the
4	industrial development project guaranty fund created by
5	IC 4-4-11-16, and only the remainder of the loss, if any, shall to
6	the extent guaranteed be paid by the public deposit insurance
7	fund. Neither fund is responsible for the amount due from the
8	other under its guarantee.
9	(3) The guarantee of the industrial development obligation or
10	credit enhancement obligation by the board for depositories must
11	be recommended by the Indiana development finance authority.
12	Subject to that recommendation, the board for depositories may
13	make the guarantee if it determines:
14	(A) that the guarantee creates a reasonable probability that loss
15	in Indiana employment that would occur will be significantly
16	reduced or that Indiana's employment will be significantly
17	expanded;
18	(B) that the consequent reduction in employment loss or the
19	expansion in employment will enhance the economic stability
20	of the community or communities in the state where the
21	borrower or lessee conducts its business;
22	(C) that there is reasonable probability that the industrial
23	development obligation will be repaid or satisfied or that the
24	credit enhancement will be satisfied; and
25	(D) that the industrial development obligation or credit
26	enhancement obligation and guarantee are protected against
27	loss and the borrower or lessee has agreed to pay the insurance
28	fund a guarantee premium annually as provided in subdivision
29	(6).
30	(4) Protection against loss on the industrial development
31	obligation or credit enhancement obligation guaranteed will be
32	provided:
33	(A) in loan transactions by:
34	(i) a valid security agreement;
35	(ii) mortgage;
36	(iii) combination of (i) and (ii); or
37	(iv) other document; and
38	(B) in lease transactions by the guaranteed party's rights as
39	owner of the leased property.
40	(5) The term of the guarantee must not exceed twenty (20) years.
41	The amount of the guarantee provided by the board, together with

the corresponding guarantee to be provided by the industrial

1	development project guaranty fund under subdivision (2), must
2	not exceed:
3	(A) the lesser of:
4	(i) ninety percent (90%) of the unpaid balance of the
5	obligation; or
6	(ii) ninety percent (90%) of the appraised fair market value
7	of the real estate;
8	if the obligation is backed by real estate;
9	(B) the lesser of:
0	(i) seventy-five percent (75%) of the unpaid balance of the
.1	obligation; or
2	(ii) seventy-five percent (75%) of the appraised fair market
3	value of the equipment;
4	if the obligation is backed by equipment; or
.5	(C) a weighted average of the figures derived under clauses
6	(A)(ii) and (B)(ii) if the obligation is backed by real estate and
7	equipment.
. 8	(6) The guarantee premium to be received by the public deposit
9	insurance fund for the guarantee must be at an annual percentage
20	rate on the outstanding principal amount of the industrial
21	development obligation or the credit enhancement obligation of
22	not less, in the discretion of the board, than the market rate for
23	guarantees, mortgage insurance rates, or letters of credit used for
24	similar purposes at the time the guarantee is made. However, the
2.5	annual percentage rate must not exceed two percent (2%) of the
26	outstanding principal obligation.
27	(b) The following conditions apply to the making of bond bank
28	obligation guarantees under section $7(d)(7)$ of this chapter:
29	(1) Each bond bank obligation guaranteed must be secured by a
0	pledge of securities of a qualified entity (as defined in
31	IC 5-1.5-1-8) under an indenture of trust requiring an adequate
32	debt reserve fund.
3	(2) The board for depositories shall fix the one (1) time or annual
34	charge to be paid by the bond bank for each guarantee in an
55	amount considered by the board to be appropriate and consistent
66	with the market rate for that guarantee, taking into consideration
37	the terms of the indenture applicable to the bond bank obligation.
8	(3) The board for depositories may agree to other terms for each
9	guarantee that the secretary-investment manager certifies as being
10	commercially reasonable and that the board, in its judgment,
1	determines to be proper.
12	(c) Any claim loss or debt arising out of any guarantee authorized

by section 7(d)(6) or 7(d)(7) of this chapter is the obligation of the board for depositories payable out of the public deposit insurance fund only and does not constitute a debt, liability, or obligation of the state or a pledge of the faith and credit of the state. The document evidencing any guarantee must have on its face the words, "The obligations created by this guarantee (or other document as appropriate) do not constitute a debt, liability, or obligation of the state or a pledge of the faith and credit of the state but are obligations of the board for public depositories and are payable solely out of the public deposit insurance fund, and neither the faith and credit nor the taxing power of the state is pledged to the payment of any obligation hereunder.".

(d) Any claim of loss by a lender or lessor under a guarantee authorized by section 7(d)(6) or 7(d)(7) of this chapter, at the time it is made in writing to the board, has priority against the fund on all claims made after that time.

SECTION 79. IC 5-13-12-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 10. With regard to direct obligations of the Indiana development finance authority that have been issued in conjunction with an industrial development project undertaken by the authority, including those obligations that are guaranteed by the board under this chapter or purchased by the board under section 7(d)(8) of this chapter, the board may upon the request of the authority permit a subordination of any valid security agreement, mortgage, combinations thereof, or other appropriate document securing the direct obligations, if the board in its discretion determines that the subordination is reasonably necessary to accomplish the objectives of the industrial development project.

34	charges.
35	(8) (4) The authority may establish rules for the use of a project

31	does not constitute an obligation (as defined in section 8 of this
32	chapter).
33	(5) To purchase or construct buildings and hold legal title to them,
34	to be leased for public purposes to municipal corporations or
35	other public authorities having resources sufficient to make

17	organized under the laws of Indiana, and in insured shares of an
18	insured federal savings association whose principal place of
19	business is located in Indiana; and in certificates of indebtedness
20	or investment of an industrial loan and investment company
21	organized under the laws of Indiana. However, not more than
22	twenty percent (20%) of the resources of the company may be

(16) (12) The authority may join in a risk retention group with corporations (as defined in IC 20-12-6-1) or any private institution of higher education.
